

Bristol Honda
A Business Built On Trust

Contact Bristol Honda today & test drive our Honda Jazz with Dual Controls

Versatile, spacious and easy to drive. Not to mention cost efficient

Learning to drive can be challenging. To make it easier for learners, we have two cars that offer the ideal combination of easy driving and reliability. The Jazz and the Civic. And to make it easier for you, we also offer an exclusive Driving School upgrade. We'll install He-Man dual controls and give you fixed price servicing for 4 years/50,000 miles. All with our compliments.

The Jazz has been designed to be compact on the outside yet spacious and versatile on the inside. With its high driving position and large front quarter light windows to give better visibility, the Jazz offers drivers and passengers alike an ideal view of their surroundings. Perfect for the less confident driver.

It's ideal for your business too. A combination of sector-leading residual values, low servicing and maintenance costs, economy from 53.3mpg and CO2 emissions from only 125g/km, all add up to extremely low whole life costs.

Both the Jazz and the Civic have an excellent on the road record. In fact, the Civic was named the most reliable car on UK roads, with Jazz coming top in its sector in a survey by Fleet News of 840,000 company cars.
