

JAZZ

Flexible, practical and efficient. Not to mention fun

The Jazz has been designed to be compact on the outside while spacious and versatile on the inside. Already able to comfortably seat 5 passengers, the Jazz's Magic Seats allow drivers to create even more space just by folding them down or flipping them up in one, easy movement.

While the Jazz offers more space and comfort than you might expect, drivers also benefit from the things there are less of. Frugal 1.2 litre and 1.4 litre petrol engines offer exceptional fuel efficiency of up to 53.3mpg along with low CO₂ emissions from 125g/km. That means drivers will benefit from great fuel economy, without compromising on performance or having to pay diesel premium.

With its reliability and low running costs, the stylish, practical Jazz offers very competitive whole life costs.

Available from £179* a month
